About Sheraz

Mian Sheraz Javaid is a Civil Engineer turned English Barrister with over 22 years of experience in dispute resolution. Sheraz is a multi-jurisdictional legal practitioner, licensed to practice in jurisdictions including the United Kingdom, Pakistan, UAE (DIFC), Kazakhstan (AIFC), and Singapore (SICC). His extensive experience as a commercial litigator equips him with a deep understanding of the complexities across diverse legal systems.

Sheraz regularly sits as Chair, sole arbitrator and co-arbitrator in international arbitration matters. He also accepts appointments as a mediator, adjudicator, and dispute board member. Sheraz is well versed in ad-hoc and institutional arbitration rules, including the ICC, DIAC, SIAC, LCIA, OAC, UNCITRAL, Ciarb and UNIDROIT.

His core areas of expertise broadly include construction, infrastructure, energy, power, oil, mining and gas disputes. His range of professional roles includes advisory, consultancy, dispute avoidance, commercial litigation, legal counsel for arbitrations and mediations and transactional and contentious disputes.

An expert in standard forms of contract, including FIDIC, JCT, and NEC, Sheraz is adept at drafting, reviewing, and negotiating contracts that protect client interests. Known for his meticulous attention to detail and ability to anticipate risks, he ensures that clients achieve optimal results in even the most complex dispute landscapes.

Recognized as the only Pakistani on Ciarb's Approved Faculty List, he has trained over 500 professionals globally in arbitration, mediation, adjudication and FIDIC. Sheraz is on the panel of experts of the Government of United States, Commercial Law and Development Program (CLDP) and trains ADR Centres for institutional capacity building. He has earned the title of 'ADR Ambassador' and a thought leader in the field of dispute resolution.

Sheraz is the founding chair of the Chartered Institute of Arbitrators (Ciarb) Pakistan Branch and currently holds executive roles in prestigious organizations, also serving as Presiding Chairman on multiple boards where he incorporates strong leadership and vision. He is professionally acquainted with No5 Barristers Chambers in Birmingham as a Barrister.

Arbitration

With over a decade of experience as an arbitrator, particularly in the construction sector, Sheraz has handled high-value disputes ranging from large-scale infrastructure and development projects across the Middle East, Asia, and Africa. His expertise also extends to the engineering, energy, oil & gas, and mining sectors.

Sheraz is well-versed in arbitrations under various rules, including the ICC, DIAC, SIAC, LCIA, OAC, UNCITRAL, Ciarb and UNIDROIT Rules. His dual qualifications as an engineer and legal expert allow him to navigate technical complexities with ease, offering practical and reasoned decisions that are reflective of industry-specific expertise.

With a structured approach and strong procedural control in arbitrations, Sheraz ensures efficient case management and timely delivery of awards. His professional integrity and strong regard for ethical and procedural fairness are championed in the arbitration sphere. As a long-standing arbitration trainer with Ciarb, he is prepared for any contingency and is adept at handling even the most complex issues - often being termed as 'thinking out of the box'. Renowned for his attention to detail, meticulous articulation skills and ability to understand parties' needs, he exhibits the ability to manage multi-party disputes effectively.

Mediation

Sheraz is an experienced CEDR-accredited mediator specializing in high-value commercial and construction disputes. With a strong track record of facilitating amicable settlements, he has successfully mediated, both in a facilitative and evaluative capacity, numerous disputes, including those under FIDIC contracts, preventing escalation to arbitration. Apart from construction and commercial disputes, his expertise spans a broad range of sectors, including real estate, property, partnerships, competition, civil matters, and inheritance issues.

Since 2005, Sheraz has channelled his deep understanding of cultural nuances and extensive knowledge of diverse business environments to address the complexities of cross-border mediation.

His strengths include high emotional intelligence that decodes underlying emotions and needs in each conversation, and comes across as genuinely concerned with the well-being of everyone involved. He combines active listening with his ability to adapt his mediation style to meet the specific needs of parties and the dispute, ensuring clarity throughout the mediation process.

Sheraz's reputation for fairness, impartiality, and professionalism is well-established. He possesses the ability to quickly assess complex situations, identify key risks, and provide balanced, objective guidance. His confidence and authority reassure parties, while his patience and empathy help navigate emotionally charged mediations effectively. With a proven success record, Sheraz is a reliable mediator who ensures outcomes that are fair, sustainable, and rooted in mutual understanding.

As a seasoned mediation trainer, Sheraz coaches professionals on 40-hour mediation trainings, allowing him to be a thought leader in the field.

Dispute Board Member

Sheraz is a seasoned dispute board member with over a decade of experience in large-scale construction and infrastructure projects across the Middle East, Asia, and Africa, including projects valued in the billions of dollars. Serving as both Chair and Member on standing and ad-hoc dispute boards, he has played twofold roles in dispute avoidance and resolution. His combined expertise as a civil engineer and legal practitioner enables him to deliver balanced and enforceable decisions that are sustainable against challenges in arbitration, supporting project continuity and minimizing disruptions. Sheraz is also the Country Representative for the Dispute Resolution Board Foundation, further solidifying his stature in the field.

Renowned for his proactive approach, Sheraz focuses on dispute avoidance by promoting open communication and collaboration among stakeholders. His deep technical understanding and strong grasp of natural justice principles allow him to preempt disputes and resolve emerging issues effectively. Whether providing impartial recommendations or guiding stakeholders through complex challenges, he prioritizes the long-term success and sustainability of the projects under his purview.

Sheraz's reputation for innovation, fairness, and professionalism is well established. His open-mindedness and respect for diverse perspectives make him a valuable collaborator on dispute boards, ensuring balanced decisions that align with contractual and operational priorities. With a proven track record in dispute avoidance and resolution, he is a trusted authority in delivering practical outcomes that reinforce stakeholder trust and project efficiency.
